

Minnesota Child Care Assistance Program **Copayment Schedules**

Effective October 13, 2014

The Child Care Assistance Program (CCAP) requires that families pay a copayment fee. The copayment amount is based on family size and income after allowable deductions.

The Child Care Assistance Program Copayment Schedules have been updated to reflect the most current state median income guidelines. The state median income (SMI) guidelines for federal fiscal year 2015, as published in the Federal Register on July 21, 2014, were used to develop these schedules. The new copayment schedule is effective October 13, 2014 and will be implemented in MEC² with both adverse and non-adverse changes effective on October 13, 2014. This copayment schedule remains in effect until a new copayment schedule is published.

Under the SMI guideline schedule, CCAP applicants currently receiving Minnesota Family Investment Program (MFIP) must have an income that is at or below 67 percent SMI. All other CCAP applicants must have income that is at or below 47 percent SMI. Families remain eligible for the CCAP if their income is at or below 67 percent SMI.

All families on MEC² will have the biweekly copayment schedule applied. These schedules apply to both MFIP and non-MFIP families.
