American Indians: American Indians can continue or begin to use tribal and Indian Health Services (IHS) clinics. We will not require prior approval or impose any conditions for you to get services at these clinics. For elders age 65 years and older this includes Elderly Waiver (EW) services accessed through the tribe. If a doctor or other provider in a tribal or IHS clinic refers you to a provider in our network, we will not require you to see your primary care provider prior to the referral.
Enrolling in this health plan does not guarantee you can see a particular provider on this list. If you want to make sure, you should call that provider to ask whether he or she is still part of this health plan. You should also ask if he or she is accepting new patients. This health plan may not cover all your health care costs. Read your contract or Member Handbook carefully to find out what is covered.
HealthPartners® Inspire (SNBC) plan

Special Needs BasicCare (SNBC)

SNBC is a voluntary managed care program that covers health care for people with disabilities who:
- are age 18 through 64,*
- have Medical Assistance, and
- have either both Medicare Parts A and B or Medical Assistance only.

* People in SNBC who turn 65 will be enrolled into a senior managed care program if they continue to meet the eligibility criteria to enroll in managed care.
Important Information

Clinics

HealthPartners encourages you to choose a primary care provider (PCP)/primary care clinic (PCC) or care system and dental clinic. Your primary care clinic can provide most of the health care services you need, and will help coordinate your care. Please confirm with Member Services that your clinic is a provider with our health plan.

Cost Sharing

You may be required to pay an amount toward some health care services. This is called cost sharing. Some examples of cost sharing are copays or deductibles for certain services. You are responsible to pay your cost sharing amount to your provider. When you enroll in this plan, you’ll get your member ID card and information on how to access materials such as your Member Handbook and Provider Directory.

Member Identification (ID) Cards and Member Packet

Members will get a health plan Member Identification (ID) Card. You must show this card whenever you get health care services, including when you get a prescription filled. When you enroll in this plan, you will get a member packet that includes your Member ID Card, Member Handbook and Provider Directory. These documents give you more details about your plan.

Service Accessibility

If you need special access to get services from a provider, you can obtain information by calling Member Services at 952-967-7998 or 1-866-885-8880 (TTY/TDD 711). This could include, but is not limited to, access for services such as availability of flexible hours, wheelchair access, or parking lot access.

Service Authorization

Our approval is needed for some services to be covered. You must get the approval before you get certain services or before we pay for them. Members will get a Member Handbook with more information about which services require authorization.

Services

- **Care Coordination:** Call the Care Management line at 952-883-6983 if you need care management assistance. Your Care Coordinator will help you get the best care based on what’s most important to you. They’ll also support your health goals. You can meet with a Care Coordinator in your home to do a health assessment, or if you prefer, you can do the health assessment over the phone or by mail. Your Care Coordinator will help you create a plan to support your needs and personal goals based on what’s most important to you. They can also help you find useful community support and healthy resources. They work with other county Waiver Case Managers and coordinate Medicare benefits, if you qualify. You can get more information on how to access care coordination services by contacting Member Services.

- **Chiropractic Care:** You may make your own appointments to go to a chiropractor. You must go to a chiropractor in the HealthPartners Chiropractic Network. You can get more information on how to access chiropractic services by contacting Member Services.

- **Dental:** You can continue seeing your dentist as long as he or she participates in this plan. Use the dental clinic list provided or our online provider search at healthpartners.com/spp or call Member Services.

- **Eye Care:** You can get information on eye care services by calling Member Services.
- **Home and Community Based Waiver Services for people with disabilities:** We do not cover Home and Community Based Waiver Services for people with disabilities who are members of our SNBC program. But you may be eligible to get them through your county or tribe. Call your county or tribe to apply for these and other waiver services under the following waiver programs:
  - Community Access for Disability Inclusion (CADI)
  - Brain Injury (BI)
  - Community Alternative Care (CAC)
  - Developmental Disability (DD)

These waiver programs offer more services than regular Medical Assistance. Services include extended home care, assisted living, supported employment, and more.

- **Home Care:** Home Care services include the following:
  - Skilled nursing
  - Rehabilitation therapies (for example: speech, physical, respiratory, and occupational)
  - Home health aide
  - Medical equipment and supplies
  - Personal Care Assistant (PCA)
  - Home Care Nursing (HCN) services

We do not cover PCA or HCN services for SNBC members. But you may be able to get them through your county or tribe. Call your county or tribe to apply for these services. If you are currently eligible for and getting PCA or HCN services, you will not lose those services by enrolling in HealthPartners Inspire.

- **Hospitals:** Each medical clinic listed also lists a hospital that it works with. You will go to the hospital associated with your primary care clinic for most of your hospital care. You can get more information on hospital services by contacting Member Services.

- **Interpreter Services:** American Sign Language (ASL) and language interpreter services are available to help you get services. Oral interpretation can be given to you in your language. You may be able to get written information in your language. Contact Member Services to arrange for an interpreter.

- **Medical Equipment and Supplies:** Medical Equipment and Supplies is any medical equipment you can use in the home to improve quality of living. It can also provide therapeutic benefits to people with certain medical conditions or illnesses. Examples are nebulizers, wheelchairs, crutches and many others. You can get information on Medical Equipment and Supplies by calling Member Services.

- **Mental Health:** Mental health services include care and treatment for depression, anxiety or other mental health issues that interfere with your daily functioning. You can get more information on Mental Health services by contacting Member Services.

- **Nursing Home and Skilled Nursing Home Care:** We will cover 100 days of nursing home care. If you need nursing home care for more than 100 days, the Minnesota Department of Human Services (DHS) will pay for your stay in the nursing home. The health plan will continue to pay for all health care costs. This applies unless you were already in the nursing home when you joined our plan. You can get more information on how to access nursing home services by contacting Member Services.

- **Open Access Services:** For some services, you may choose to get care from any health care provider, clinic, hospital, pharmacy, or family planning agency even if it is not in our network. These are called “open access services” and they include the following:
  - Family planning
  - Diagnosis of infertility
  - Testing and treatment of sexually transmitted diseases
  - Testing for AIDS or HIV-related conditions

You can get more information on open access services by contacting Member Services.

- **Pharmacy:** Members must use our network of pharmacies for drugs covered by our health plan. A list of pharmacies will be in your member materials. Remember to have the following available when you call to refill your prescription:
  - HealthPartners Member Identification (ID) Card
  - Minnesota Health Care Programs card
  - Cards for any other health coverage you have, such as Medicare Part D or private insurance
It is important to remember to show both your Member Identification (ID) card and your Minnesota Health Care Programs card when picking up your prescriptions. To see HealthPartners drug formulary, go to healthpartners.com/spp. People with Medicare must enroll in a Medicare Prescription Drug Program (Medicare Part D) to get most of their drugs. You can get more information on pharmacy services by contacting Member Services.

- **Specialty Care:** Specialty care describes services you can get from doctors or surgeons whose training focuses primarily in one specific field of medicine. Examples include neurology, cardiology, and oncology, among others. You do not need a referral to see most of the specialists in this plan. You can get information on how to access specialty care by going to healthpartners.com/spp or by calling Member Services. This information is also in the HealthPartners Inspire Provider Directory.

- **Substance Use Disorder:** Substance use disorder (SUD) services provide care and treatment for substance use disorder. This can include abuse of alcohol, narcotics, or other drugs. Call Member Services for information about Substance Use Disorder providers.

- **Transition of Care:** When you join HealthPartners we will help you continue to get necessary health care services that were authorized before you joined our plan. Some examples are the following:
  - Orthodontia
  - Mental health services
  - Substance use disorder services
  - Services for at-risk pregnancy
  - Prescriptions

If you are currently getting care from a provider who is not in our provider network, we will help you transition to a participating provider. If you would like more information please call Member Services.

- **Transportation:** We are not required to provide transportation to your primary care clinic if it is over 30 miles from your home if a primary care clinic is available within 30 miles. Exceptions to this rule can be made in certain circumstances. If you need a ride and there isn’t a closer clinic in our network, please call RideCareSM. RideCare can help you arrange rides to your health care appointments at no charge to you. Call 952-883-7400 or 1-888-288-1439 (TTY 952-883-6060 or 1-800-443-0156).
